EXPERIENCE

Substitute Nurse LONG ISLAND PUBLIC SCHOOLS

June 2009 – Present

- Worked at multiple schools across Nassau, Suffolk, Queens, and Brooklyn.
- Responsible for checking vital signs of students between the ages of 5 and 18.
- Cared for children with special needs like those with diabetes, intellectual disabilities, G-Tubes, and asthma
- Would give hearing and vision tests and manage emergency situations

Home Care R.N. HORIZON HEALTH STAFFING

July 2007 – Present | Roslyn, NY

- One-to-one care of patients confined to bed.
- Responsibilities included bathing, grooming, maintain patient's personal hygiene, administering medication, assisting in G-Tube feeding, maintaining the Foley catheter of the patient.

Nursing Home Staff R.N. STAFFING REMEDIES AND JUNO HEALTHCARE

Nov 2005 - Oct 2012

- Responsible for up to 45 patients at a time, administering G-Tube feeding, insulin administration, finger sticks, and intramuscular injections – lovenox, antibiotics, IV, Heparin, Piperacillin, and transdermal patches.
- Settings would be anywhere from 100 to 500 beds. Patients would range from diabetics to IV patients and those requiring sub-acute care. Attending teams would include 1 LPN and 1 RN.
- Staffed at multiple nursing home facilities across Long Island, including Meadowbrook Care Center, Marquis Care Center, Avalon Care Center, and Long Island Care Center, and Hillside Manor Nursing Home.

Hospital R.N. NEW YORK PRESBYTERIAN

June 2007 - July 2008

- Facilitated admissions assessment, transfer, discharge, and education of patients and emergency patients, including educating and supervising home health aides and preparing chart notes
- Cared for diabetic patients, chronic patients, and seizure patients
- Would administer first-aid in emergency situations and preservation of photographic records of incidents.
- Assisted tracheostomy patients with trach and vent support, replaced internal cannulas, suctioned under pulse oxymeter, inserted and maintained catheters, handled medication administration, dressing changes, and IVs
- Responded to numerous volatile situations and violent outbreaks, earning the respect of physicians and coworkers for calm, levelheaded and quick thinking to restore the safety and security of patients and staff.
